*Children’s Community Mental Health Services & Wraparound Milwaukee is herein referred to as Wraparound Milwaukee

INTRODUCTION

Wraparound Milwaukee was established in 1994 as part of a six-year, \$15 million federal grant from the U.S. Department of Health and Human Services' Center for Mental Health Services. Milwaukee County was one of 10 sites around the country to receive grant funding.

Since it was first established, Wraparound Milwaukee has significantly improved outcomes among the over **12,000** children and adolescents it has served. Its target population is children, youth, and young adults who are residents of Milwaukee County and have complex emotional, behavioral, and mental health needs. Wraparound Milwaukee provides a strength-based, individualized approach to working with children and youth and their families. Participants receive flexible, comprehensive, family-focused care. These supports are coordinated through a team of formal (professional) and informal supports driven by the family that plan and create the most effective continuum of services designed to support the child or youth in a safe and integrated way in the community.

Nationally recognized as a model program, Wraparound Milwaukee is administered by Milwaukee County's Behavioral Health Services, which contracts with over **101** direct service organizational partners.

Wraparound Milwaukee uses a mix of local, state, and federal funds that are pooled to create a flexible source of funding to best meet the needs of children, youth, and their families. The primary sources of funding for Wraparound Milwaukee are the Wisconsin Department of Health Services, the Division of Milwaukee Child Protective Services, and the Milwaukee County Children, Youth, and Family Services.

Wraparound Milwaukee continues to serve as a resource to mental health professionals around the world on issues of operating a successful system of care program, responding to countless requests for information, and presenting at multiple conferences and forums annually. These and other opportunities serve both as recognition of the accomplishments of Wraparound Milwaukee as well as a chance for other sites to take the lessons learned from Wraparound Milwaukee and apply them to their own program development.

Applying the Wraparound philosophy, Wraparound Milwaukee continues to grow, adding new and innovative programs and approaches to service delivery in response to community needs.

For more information please visit Wraparoundmke.com.

VISION, MISSION, & VALUES IN ACTION.....

Vision

To help build healthy and strong communities by enhancing children and families' ability to meet life's challenges and to foster resiliency and hope for a better future.

Mission

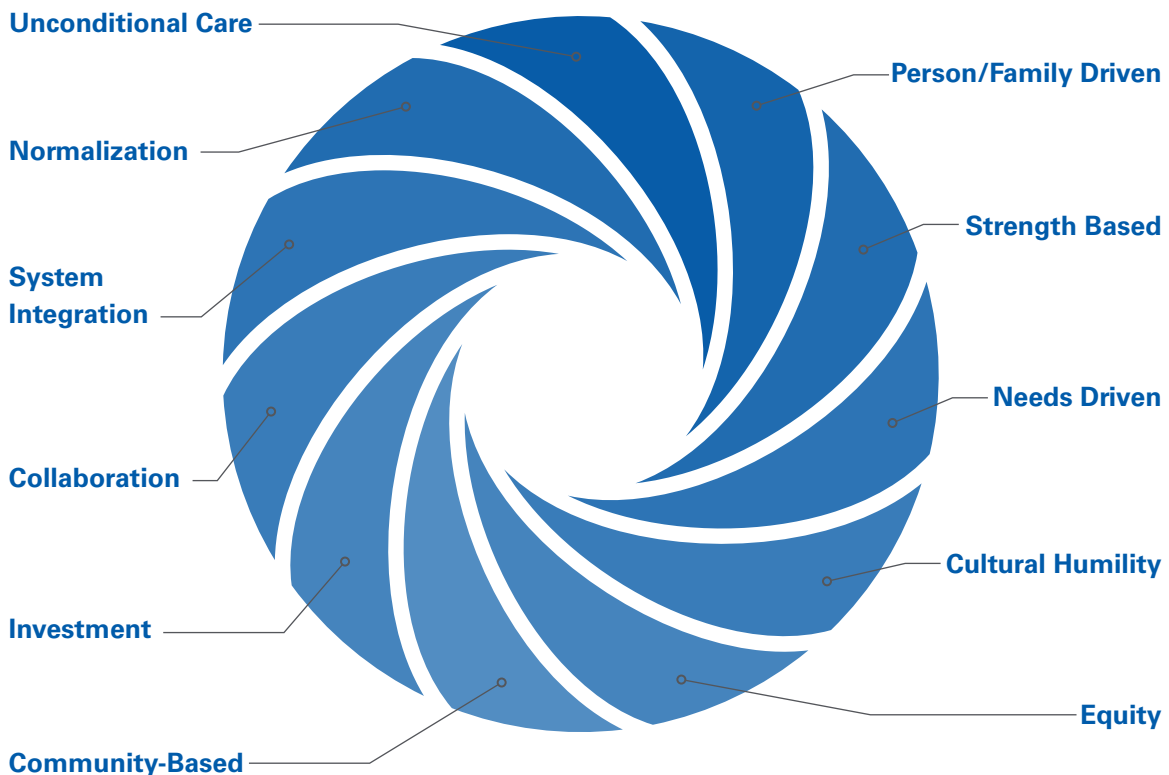

1. To serve each youth and family with respect and dignity acknowledging their strengths, needs, and preferences.
2. To partner with the agencies that work with families to create one plan for a better life.
3. To support youth and their families to remain safely in their homes and communities.
4. To provide quality care that is culturally responsive to the diverse needs of the families we serve.
5. To provide leadership in creating lasting resources for families in their communities.

Values in Action

Wraparound Milwaukee's history and practice is driven by a steadfast commitment to core values. When questions arise, problems occur, and decisions need to be made, going back to these core values helps guide how Wraparound Milwaukee responds. In addition, each of these values represent a set of practices that have proven to be the most effective in promoting meaningful and sustainable success for Wraparound Milwaukee's most important clients — the children and families.

.....

WRAPAROUND MILWAUKEE CORE VALUES:

EXECUTIVE SUMMARY

Letter From the Director

Friends,

As we look back at 2022, the year can only be described as one of significant transition as we saw the manifestation of a number initiatives years in the making.

After decades of dedicated work, the Milwaukee County Behavioral Health Services served its last hospital patient and transformed into a fully community-based area. With that, we saw the stand-up of the collaboratively developed Mental Health Emergency Center (MHEC) and increased partnership across the community to meet the needs of the most vulnerable. It also meant saying good-bye to our space on Watertown Plank Road and truly embracing the hybrid work we started in 2020.

Additionally, 2022 marked the first full year of an integrated Children's Intake Area for the voluntary programs under the Department of Health & Human Services (DHHS) as part of the "No Wrong Door" strategy. What started as a shared Resource & Referral Line in 2018 between Wraparound Milwaukee and the Disabilities Services Division has grown into a large team of Options Counselors and Resource & Referral Line coordinators working to provide the Milwaukee Community with seamless access to all children's programming and ensure goodness of fit between available resources and needs. This has led to increases in the number of youth and families being dually served under DHHS.

For the first time in many years Wraparound Milwaukee completed an expansion of Care Coordination Agencies and invited two brand new partners into our network. We are excited to have both Fresh Start-At Promise and Jewish Family Services as providers as their experience and expertise offer expanded perspectives to our collective work.

As part of Milwaukee County's commitment to equity, Wraparound Milwaukee was a proud sponsor and active participant in the "Creating Equity" series facilitated by local expert agency Ubuntu Research & Evaluation. This year long series brought not only a historical lens to practice, but knowledge and resources to Milwaukee County staff and contracted staff at Care Coordination agencies. This opportunity offered new perspectives and empowered us all to be change champions in the work we do.

We are grateful for the opportunity to be a part of the systemic changes that occurred in 2022 and see the successes that have come with these advancements. We look forward to developments in 2023 and all the exciting work ahead as we continue efforts to ensure Milwaukee County is the healthiest County in Wisconsin.

A handwritten signature in black ink, appearing to read "B. McBride".

FROM BEGINNING TO END...

Youth and Families are...*Drivers of their own care*

Resource & Referral Line Coordinators welcome families into the screening process, listening to their stories, sharing program options, and connecting them with an Options Counselor

THE SCREENING

Options Counselors meet with youth & their families to:

- Assess for underlying needs and emergent crisis-related challenges
- Identify care options that meet the family's needs
- Help them transition to care

Rooted in relationship building, the Care Coordinator helps

Set the stage for the help that is to come...

- Developing the Family Vision
- Exploring underlying needs
- Recognizing strengths

HELLO

HELP

Care Coordinator partners with the youth and family to

- Build their unique Child and Family Team
- Select providers based on needs & goodness of fit
- Mobilize that team to purposeful action

THE 4 H'S

HOPE

HEALING

Hope happens when Healing is provided

Healing is recognized throughout the entire process of Wraparound as way to acknowledge and celebrate gains and set the stage for a future of possibilities

Speaks to action that will make a difference

- Families feel they are receiving help that is having a positive impact on their situation
- The help provided is meaningful and provides a sense of healing

A PERSONAL STORY

Aliyah is an 18-year-old young lady who has been in the “system” for over a decade and has been involved with Wraparound since the end of 2019. During her early childhood, Aliyah witnessed and experienced a lot of tough situations at a young age including physical & sexual abuse. Early on, Aliyah was shy and often kept to herself and had a hard time trusting friends, family members, and providers on the Wraparound team because she had a history of people leaving her as soon as she felt comfortable with them. Frequent hospitalizations were a regular occurrence.

Since then, Aliyah has learned to become a very independent and strong young lady, and, despite several challenges, she paved her path to a successful future. With the support of Mt Castle Independent Living, Aliyah transitioned to her own apartment and has begun to blossom into the bright young woman that she is now. Aliyah worked against the odds and graduated on time with a high school degree. Despite her busy schedule, Aliyah maintained consistent appointments with her therapist, an individual who has been her confidant and rock throughout the years.

Her Care Coordinator Samantha summed up her experience serving Aliyah: “I have never seen somebody work so hard for herself and advocate on her own behalf as I have with Aliyah. I do not doubt for a second that Aliyah has built a foundation for success and will continue to be successful after disenrollment. It has been an honor to watch Aliyah grow into an adult and be an inspiration to those around her. When I think of a brave and resilient young woman, I immediately think of Aliyah.”

Today, she is enrolled at a Beauty School where she is studying to become an Esthetician. Aliyah aspires to do makeup and to become an expert at skin care. She began working with the TMJ program where she was given a job opportunity working as a waitress, and she loves it!”

Aliyah is no longer sleeping all day and her battle with depression has slowly subsided. There is no evidence of suicidality as she is enjoying her day-to-day. Mt Castle staff report, “a seemingly a turnaround overnight, expressing great pride and wishes for nothing but greatness on her journey.”

When asked to reflect on her experience with Wraparound, Aliyah said, “I’m feeling like this experience is helping me figure out who I am. I’ve learned that I can truly do anything I put my mind to as long as I truly want it. Wraparound has helped me to get my life together and find my strengths and weaknesses on a deeper level. It gave me a lot of opportunity to be myself and it

opened up a lot of doors for me. It’s been difficult but it’s helped me to learn how to be more independent. I feel like if I can continue to do what I love and keep pushing to do what I have to do, I can do anything to make my future dreams come true.”

EXPANDING OUR REACH THROUGH GRANTS

Grant gifts provide the opportunity to develop initiatives that are of high need in our community that otherwise could not be initiated. In the last several years Wraparound Milwaukee has been awarded several Federal, State, and County Grants that have enhanced mental health services to Milwaukee County youth and their families. These include:

FIRST-EPIISODE PSYCHOSIS (FEP)

- A State-funded initiative that addresses the early onset of psychosis
- Funded since 2015

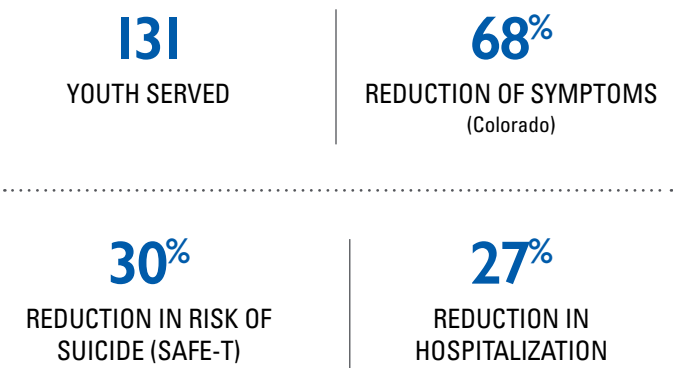

PROGRAM GOALS:

- Help FEP youth and young adults move forward in growth and development regardless of their symptoms
- Invoke the power of early diagnosis

Distinguishing Features:

- Built from the Wraparound model of community-based services
- Individualizes the program through a fixed team approach that includes Care Coordinator, Clinician, Peer Specialist, Psychiatrist, Education/Employment specialist, and an Occupational Therapist

ACTIVITY IN 2022:

CLINICALLY HIGH RISK FOR PSYCHOSIS (CHR-P)

- Final year of a 4-year SAMHSA Grant (2018-2022)
- Addresses youth who are at high risk for psychosis

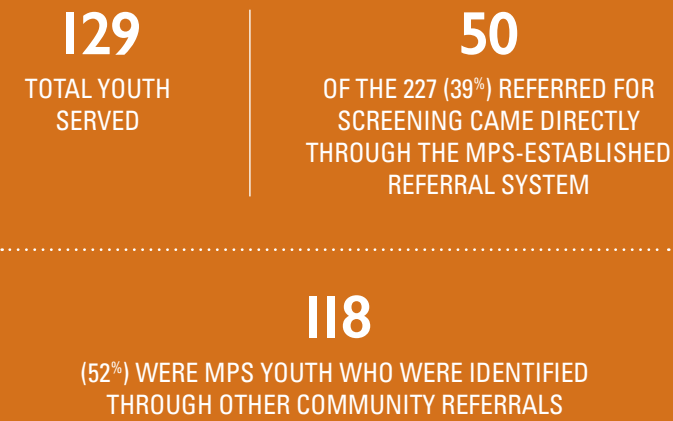

PROGRAM GOAL:

- To identify and treat youth before they have converted to psychosis as a means of ameliorating or delaying full-onset psychosis

Distinguishing Features:

- Established a collaboration with Milwaukee Public Schools (MPS) to raise awareness, educate school staff, and create a robust referral system so that youth can be identified for treatment before conversion to psychosis

ACTIVITY SUMMATION (ALL 4 YEARS):

Under the Comprehensive Community Services (CCS) umbrella, FEP & CHR-P have been consolidated into the Coordinated Opportunities for Recovery and Empowerment Program (CORE) which allows for a continuum of support and services for youth experiencing psychosis.

TRANSFORMING LIVES THROUGH SUPPORTIVE EMPLOYMENT

- 5-year SAMHSA grant awarded in partnership with St. Charles Youth and Family Services (2019 – 2024)
- Provides Evidence-based supported employment and Individual Program Support (IPS model) in conjunction with Wraparound Care Coordination, Supported Education, and Supported Housing for youth ages 16 ½ -25

PROGRAM GOALS:

- To provide transition-age youth the opportunity to achieve their goals toward independence as they move into adulthood
- Access to a team of people that provide guidance and support as youth navigate education and employment possibilities

Distinguishing Features:

- Using evidence-based practices that are folded into the Wraparound philosophy and strength-based processes
- Peer Support
- Benefits & Housing Specialists
- Supports both part-time and full-time work

ACTIVITY IN 2022:

68

YOUNG ADULTS
SERVED

38%

20%

POST-HIGH SCHOOL
EDUCATION & SKILL
TRAINING

NATIONAL CHILD TRAUMATIC STRESS INITIATIVE

- 5-year SAMHSA grant in partnership with Children's Wisconsin and Project UJIMA (2021-2026)
- Raises public awareness of the scope of community violence and fosters the healthy development of youth, ages 12-17

PROGRAM GOALS:

- Strengthen the capacity of the workforce to better understand the nature and impact of trauma
- Partner with local health systems to increase access to effective trauma-focused treatment and services
- Sustain progress and systems change through engagement, assessment, and alignment

Distinguishing Features

- Addresses service gaps in becoming a trauma-informed system of care for children
- Focuses on training community-based providers to use gender-responsive trauma-informed Evidence-Based Practice (EBP)
- Foster collaboration with Children's Wisconsin's Hospital Emergency Department and Project Ujima

ACTIVITY IN 2022:

ESTABLISHED
SCHEDULE
FOR EBP

129

YOUTH IDENTIFIED NEEDING TRAUMA
SERVICES THROUGH THE HOSPITAL'S BEST
PRACTICE ADVISORY (BPA)

DEVELOPED A RESEARCH DESIGN, TARGETED
TO COLLECT DATA IN SPRING OF 2023

SYSTEM OF CARE (SOC)

- 4-year SAMHSA grant that expands the system of crisis care through service delivery for youth and young adults (2019-2023)

PROGRAM GOALS:

- To enhance the system of crisis care through infrastructure development (ID) prior to and following the closure of the psychiatric emergency department (PCS) in Milwaukee County
- Assist in making clinical and support referral decisions as needed
- To sustain the system of crisis care through Infrastructure Development beyond PCS closure

Distinguishing Features:

Develop and implement early intervention and prevention strategies by incorporating the following structures:

- Integration of Children's Services eases accessibility and provides a bridge between the time that youth and families have been identified as needing services, determining their next steps, and then referral to identified services
- Finalized the processes associated with the integration of the Resource & Referral Line for WM and Disability Services which was launched in 2018
- Youth Connect (YC) pairs a Crisis Care Coordinator and a professional with lived experience (Coach) to provide short-term care coordination to youth and families as a bridge to either enrollment into the Wraparound System of Care and/or a connection to other community-based resources

ACTIVITY IN 2022:

YOUTH CRISIS STABILIZATION CENTERS (BOYS & GIRLS)

A State-funded initiative, Wraparound Milwaukee opened two of the first Youth Crisis Stabilization Centers in partnership with Wisconsin Community Services (WCS) and Lad Lake (Masana).

- Boys’ facility State funded 1/2020
- Girls’ facility State funded 3/2021

PROGRAM GOALS:

- To provide a community-based alternative to Psychiatric Crisis Services and in-patient hospitalization
- To fill a service gap within the context of a continuum of mental health crisis care services

Distinguishing Features:

- Serving youth experiencing a mental health crisis and need a period of stabilization in lieu of inpatient
- YCSF is a short-term/community-based facility that focuses on emotional stabilization
- WCS operates a 6-bed facility for male youth ages 10-17
- Lad Lake (Masana) operates a 4-bed facility for female youth ages 13-17

ACTIVITY IN 2022:

YCSF for Males served:

63	6	7 DAYS
MILWAUKEE COUNTY YOUTH	ADDITIONAL WISCONSIN COUNTIES	AVERAGE LENGTH OF STAY, RANGING FROM 2 – 16 DAYS

Opened in September 2022, YCSF for females served:

12	2	5 DAYS
MILWAUKEE COUNTY YOUTH	ADDITIONAL WISCONSIN COUNTIES	AVERAGE LENGTH OF STAY, RANGING FROM 1 – 9 DAYS

TRAUMA RESPONSE TEAM (TRT)

In partnership with the City of Milwaukee and the Milwaukee Police Department (MPD) since 2015, identifying and supporting child and youth victims of traumatic violence.

PROGRAM GOALS:

- Provide emotional support to youth exposed to violence
- Provide recommendations for services to youth and families as needed

Distinguishing Features:

TRT receives referrals from MPD and community partners in real-time, after the officer or community member recognizes that a youth may have been exposed to or witnessed a potentially traumatic event. The offers for support are guided by the parameters of comfort and individual needs expressed and identified by each family.

ACTIVITY IN 2022:

Top Reasons for TRT Contact:

- Domestic Violence
- Shootings
- Endangering Safety
- Child Abuse/Battery

RE-SOURCE EXTENSION

GOALS:

- To expand the Wraparound Milwaukee brand as a Human Services Training Center the goal is to strive to both learn and lead in the areas of best practice implementation, program development, sustainable funding models, and System of Care expansion. Lessons learned, tools, resources, and operations through training others are resourced
- Free training in the areas of suicide intervention, Motivational Interviewing, Trauma Informed Care and ACEs, and many more are offered. Access the training calendar with live registration links at **Re-Source Extension | Children's Community Mental Health Services & Wraparound Milwaukee** (wraparoundmke.com)

MAJOR ACTIVITY EVENTS IN 2022:

SECURED A CONTRACT TO PROVIDE FEP TECHNICAL ASSISTANCE FOR THE ENTIRE STATE OF WISCONSIN

FULFILLED PEER SUPPORT TRAINING CONTRACT WITH WISCONSIN CHILDREN'S SERVICES (WCS)

PERFORMANCE IMPROVEMENT PROJECT (PIP)

Literacy Enhancement of Wraparound Milwaukee Youth

- As mandated by the Medicaid Contract, in 2022 Wraparound Milwaukee engaged in a Performance Improvement Project focusing on the literacy enhancement of youth as a means of addressing education as one of the social determinants of health
- Engaging the SEA Group (Special Education Advocacy) to launch this literacy program, the goal of this initiative is to increase the reading literacy of youth in Wraparound who have been identified as having significant reading recognition problems

EMBRACING THE DEPARTMENT OF HEALTH & HUMAN SERVICES (DHHS) STRATEGIC PLAN

In support of the strategic plan are the Milwaukee County Department of Health & Human Services P.R.I.D.E. values, which align with the values of Wraparound Milwaukee - Partnership | Respect | Integrity | Diversity | Excellence

STRATEGY #1 | FOCUS ON INDIVIDUAL HEALTH

No Wrong Door/Integrated Services & Care

Integrated live phone line with Children, Youth and Family Services – Disability Area since 2018; fully integrated screening process for all DHHS voluntary children's programs since 2022

2,668

LIVE CALLS TAKEN IN 2022
FOR CHILDREN & YOUTH

182

YOUTH DUALY ENROLLED AND
SERVED IN CCS AND CLTS

STRATEGY #2 | FOCUS ON THE COLLECTIVE HEALTH OF THE COUNTY

Population Health & System Change

Community outreach raising Mental Health Awareness

Highlighting 8 Grab N Go's with Community health themes

- Mental Health Awareness
- Substance Abuse
- Domestic Violence
- Back to School

Trauma Response Team addressing community violence

- Impacted all 15 Aldermanic Districts & 17 zip code areas of Milwaukee

Training

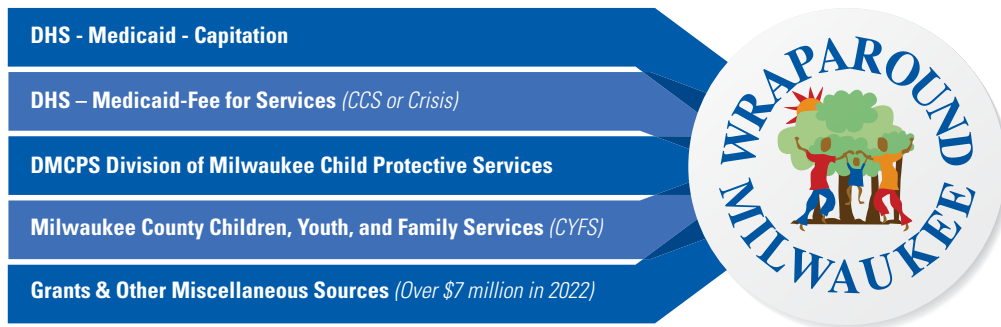

- Advanced integrated training and supported the participation of other agencies in training opportunities of RE-Source Extension
- 15 CYFS staff attended Trauma Informed Care training and 10 participated in Motivational Interview training

Addressing Social Determinants of Health and Equity

- Addressing Literacy Needs through Performance Improvement Project
- Medication Management moved out into the community through the opening of the Milwaukee County Mental Health Clinic
- Opened two Youth Crisis Stabilization Facilities YCSF for boys (2020) & girls (2022) as part of youth behavioral health crisis redesign efforts

UNIQUE FUNDING

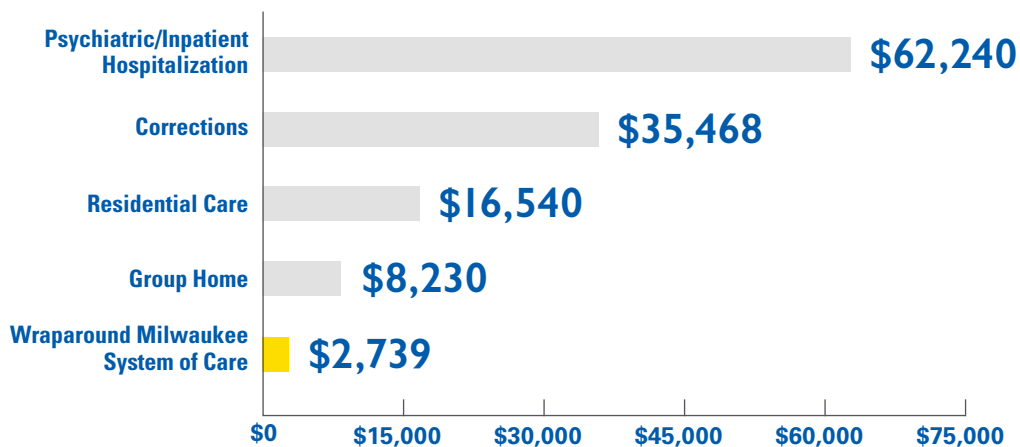

A unique feature of Wraparound Milwaukee's HMO is its ability to "blend" funding from multiple sources and create a service-funding mechanism that allows the cost-effective investment of those funds on an individualized basis.

WRAPAROUND MILWAUKEE CONTINUES TO BE COST-EFFECTIVE

THE TOTAL PAID | Children's Community Mental Health Services and Wraparound Milwaukee provided **\$45,898,159** in support/services.

Listed below are **monthly** program cost comparisons as it relates to the provision of services for the same high-risk, high-need population.
